

ANDREAS PANAYI

Limassol, Cyprus $\diamond$ Athens, Greece

+357 96614842 | +30 6945202600 | andreaspanayi8@gmail.com | Personal Website | Google Scholar

EDUCATION

National and Kapodistrian University of Athens (NKUA)	2024 - 2026
National Technical University of Athens (NTUA)	
M.S. in Theoretical Computer Science (ALMA)	GPA: 9.89/10
Track: Algorithms, Logic, and Discrete Mathematics	
National and Kapodistrian University of Athens (NKUA)	2020 - 2024
B.Sc. in Mathematics	GPA: 8.84/10

RESEARCH INTERESTS

Theoretical Computer Science; Algorithms (fine-grained, parameterized); Advanced Data Structures (dynamic, geometric); Graph Theory (extremal, structural); Computational Complexity, Database Theory

RESEARCH EXPERIENCE

Algolysis Ltd Sept 2026 -
Research Engineer

- Conducted research on the design of novel, robust, and efficient algorithmic solutions for computationally challenging real-world problems, informed by frontier research.
- Research focused on Distributed Systems, Distributed Storage, Computer Graphics, and Computer Vision, with emphasis on algorithm design and computational efficiency.

Research and Innovation Foundation of Cyprus Jun 2026 - Jul 2026
Research Intern

- Conducted industry research bridging Big Data and Machine Learning, developing algorithmic and machine learning methods to drive a novel end-to-end database compression system.
- Led the design and optimization of the underlying system, from theoretical formulation to proof-of-concept implementation with running time analysis and experimentation.

Archimedes Research Unit, Athena Research Center Jun 2025 - Jan 2026
Intern Researcher

- Designed and implemented advanced data structures for computational geometry problems, focusing on skyline (Pareto-front/maxima) reporting.
- Authored an extended survey on models of computation and advanced data structures, spanning computational-geometry trees, external-memory structures, and van Emde Boas-based techniques, culminating in an implementation and analysis of the Micro-Macro technique.

TEACHING EXPERIENCE

National and Kapodistrian University of Athens 2021 - 2026
Teaching Assistant, Computer Science I

- Conducted undergraduate laboratory sessions for the mandatory course *Computer Science I* in the Department of Mathematics.
- Taught programming in MATLAB (2021 - 2024) and Python (2024 - 2026), as well as $\text{\LaTeX}$, computer arithmetic, and numerical linear algebra.

RESEARCH PAPERS

Listing Even Cycles Faster than the Submodular-Width Barrier *Accepted, PODS 2027*
Vasileios Nakos, Hung Q. Ngo, and Andreas Panayi. arXiv:2605.30564, 2026.

Faster Even-Cycle Listing via Unbalanced Supersaturation
Andreas Panayi. National and Kapodistrian University of Athens. Pergamos: uoadl:5402752, 2026.

SELECTED COURSEWORK

Advanced Algorithms; Advanced Data Structures; Graph Theory; Advanced Computational Complexity; Theory of Computation; Machine Learning; Statistical Learning; Algorithmic Data Science

TECHNICAL SKILLS

Programming Languages: Python, Go, TypeScript, C++, MATLAB, Julia, R, Haskell, Prolog
Tools: Git, GitHub, Docker, SSH, Linux, $\text{\LaTeX}$, $\text{\XeLaTeX}$
Languages: Greek (native), English (fluent)

AWARDS AND SCHOLARSHIPS

Cyprus State Scholarships Foundation 2020 - 2026
Full scholarship for the entire duration of bachelor's and master's studies

Hellenic Bank Cyprus 2020 - 2024
Full scholarship for undergraduate studies

Athletics Distinctions
Represented the Cyprus National Athletics Team in international competitions across all age categories, earning multiple distinctions in individual and relay events. Pancyprian champion and gold medalist in 100m, 300m hurdles, and 400m hurdles in school and club competitions.

ADDITIONAL INFORMATION

Military Service Jul 2019 - Sep 2020
Served in the technical department during 14 months of military service in Cyprus
